[Portfolio](#)

I work in enterprise UX, making complex systems intuitive and efficient. With expertise in design systems, UX strategy, and prototyping, I collaborate with cross-functional teams to streamline workflows. Proficient in Figma, I create digital experiences that align user needs with business goals. I thrive in agile environments, working closely with engineering, product, and business stakeholders to deliver accessible, well-crafted solutions.

Experience

Senior UX Designer

Nissan Digital India, Trivandrum.

April 2024 - Present

- Led the UX delivery of a flagship information management tool from PoC to product, reducing turnaround time from 10 days to one hour, and error reduction by over 50%.
- Collaborated with the Data Science team to discover and lead UX delivery for a DX initiative to reduce the Product Planning team's effort from weeks to an hour.
- UX Delivery of GEN AI management platform that enables product and data science teams to monitor LLM usage, optimise expenditures, and forecast budget allocations for new projects
- Plan the delivery schedule and timelines, gather requirements based on stakeholder and user interviews, ideate and generate concepts, wireframes and mockups, followed by user and stakeholder validation and feedback collection.

UX Designer II

Nissan Digital India, Trivandrum.

January 2022 - March 2024

- Delivered 11 features across four releases for 3 different products and 10+ PoCs
- Developed and implemented a platform with the Engineering and Design System teams, enabling automated project status reporting, saving 4 hours per week for the user, and streamlining communication with senior management.
- Textual review and recommendations of CTA Buttons, Labels, Feedback message and Email template for a product with over 100 screens, adhering to the market release timeline.

Assistant Professor

College of Architecture Trivandrum.

June 2015 to April 2021

- Led 10 design studios of 40 to 120 students and guided 100+ thesis and dissertations.
- Conducted more than 20 design workshops for various NGO's in design, manufacturing, etc.
- Part of the panel of 20 SME to draft the B.Des Syllabus for Kerala Technological University.

Product Designer

Fuego Health & Furniture, Bengaluru.

February 2014 - March 2015

- In charge of the design and development of prototypes for validation. Created four prototypes and signed off on two for mass production.
- Signed off on multiple start production and installed over 4000+ workstations across India.

Associate UX Designer

EY Wavespace, Trivandrum.

September 2013 - February 2014

- Part of a team of 4 who worked on the design library according to the new brand guidelines of EY enterprise solutions.
 - Worked on two features in a release for one product that was approved for production.
-

Awards and Recognition

Nissan Digital India, Trivandrum.

- **Ace Employee Award - FY24, FY22**

- Major Programs were led in challenging situations and managed delivery as per the timeline. Instrumental in all deliveries and supporting NDI delivery on time. Beyond a tremendous contribution to all NDI UX COE initiatives and evangelisation to make this happen.

- **Stellar Spotlight Award - FY24**

- Presented by the GM - Finance, ISIT Strategy Planning and Control Office, for being an essential part of the chargeback project.

- **Second Runner Up, Hackathon - FY23**

- Presented for representation of the Idea "Personalised Car Configurator"

EY Wavespace, Trivandrum

- **Rockers Award - FY13**

- For high-impact performance in group projects and teaming skills.
